

Letter of recommendation

We certify that company "TRAP" s. c. is our subcontractor in the scope of anti-corrosive paint work. They have carried out work on a bridge on Warta river in Kostrzyn in May 1999, which we have been fulfilling as the main contractor on the order of Regional Road Management in Szczecin. The scope of works was sandblasting in Sa 2 ½ class and painting with three layers, above 12 000 m².

High quality of carried-out work is characterizing "TRAP" s. c. company. The company has the appropriate equipment for carrying out surface-treatment works, together with highly trained personnel.

We intend to continue cooperation with "TRAP" s. c., because we believe that it is the leading company in anti-corrosive sector.
