Letter of recommendation

Hereunder we confirm that Trap Krzysztof Malak Spółka Jawna is our many years' standing partner in rendering anti-corrosive and painting services. In current year company has realized our contracts covering sand blasting and applying coatings for the area of approximately 25 000 m². Future plans indicate cooperation on similar level.

Abovementioned contracts referred to such objects like: ballast and fuel tanks, holds, decks, gantry etc. on ships owned by German, Dutch, Finnish and Swedish shipowners. All the works done, were closely aligned with rigorous quality inspection, imposing high requirements on contractor.

From all the obligations put on the contractor, Trap Krzysztof Malak Sp.j. company, fulfilled every duty without reservations. Being in possession of large amount of equipment and group of qualified (with long experience) staff, it is able to fulfill independently complex duties.
